

PSM 30 Technical Datasheet

Ready mixed plastering machine for pumping and spraying plaster or cement-based dry mixes.

Product Overview

PSM 30 is a ready mixed plastering machine designed for both interior and exterior applications. It pumps and sprays all types of plaster or cement-based dry mixes. Its robust chassis is built for demanding construction site conditions while remaining easy to transport. The machine delivers strong performance thanks to its Italian stainless water motor and user-friendly electrical panel.

Highlights

- 380 V ready mixed plaster machine
- Homogeneous mixing
- Italian water engine
- Domestic engine
- Easy to carry
- Easy to use electrical panel
- 1 year warranty

Technical Specifications

Pumping Capacity	5-40 l/min
Pumping Distance (Horizontal)	40 m
Pumping Pressure	30 bar
Power	380 V - 50 Hz
Pumping Motor	5.5 kW
Mixer Motor	0.55 kW
Water Pump	0.50 HP / 0.37 kW, Made in Italy, 380 V
Compressor	0.9 kW - 250 l/m - 5.5 bar
Mortar Hose	Ø 25 mm 15 m
Hopper Capacity	130 l
Length	1250 mm
Width	750 mm
Height	1500 mm
Weight	350 kg
